These days, you can find high-end camcorders with professional features at reasonable prices. The video quality of these camcorders is a lot better than most consumer camcorders and comparable if not better to broadcast cameras. So, you're thinking of getting a new professional camcorders, but you're not quite sure, here is a list of camcorders that I have selected based on user ratings for 2009 bestselling camcorders and it's current best price.

I hope you like it.

Canon GL2 MiniDV Digital Camcorder w/20x Optical Zoom

Canon GL2 MiniDV Digital Camcorder w/20x

With the GL2, Canon has created a camcorder with a wealth of features, each selected to elevate further the standard against which other camcorders are judged. The GL2 is a must-have for the person looking for the very best video-making experience. The GL2's excellence begins with its outstanding Fluorite lens and includes pro-level picture adjustment features found only in Canon's top-of-the-line, trend-setting XL1S camcorder.
